

Multiple Stakeholders Partnership in Education... it can work

October 2007

Successful Model of PPP

What is it

- The JEI is a Global-Local, Public-Private partnership with the objective to:
 - Improve education in Jordan through effective use of ICT's,
 - Build local ICT industry Capacity
 - Create a model of reform for other countries

Why Jordan

- Top leadership support,
- Government Commitment,
- Country's vision for the future of education,
- Jordan's Education Reform for the Knowledge Economy (ERfKE)
- The National Broadband Learning and Research Network

JEI Major Tracks

- Track 1: Discovery Schools
 - e-Curricula Development
 - In-Classroom Technology
 - Teachers Training
- Track 2: Lifelong Learning
- Track 3: ICT Industry Development

Discovery Schools: *e-Curricula Development*

- Six subjects (3,373 e-learning lessons) developed:

Math

Arabic

Science

ICT

EFL

Civics

- All e-Contents are deployed on EduWave

Discovery Schools: *Teachers Training*

- Training around 3000 teachers on the use of the computer for teaching through:
 - ICDL,
 - Intel Teach to the Future,
 - CADER,
 - World Links programs,
 - Subject Specific Training (SST).

Discovery Schools: *In-Classroom Technology*

- Technical infrastructure in all 100 Discovery School deployed
- 80,000 students, 3200 teachers in 100 Discovery Schools are fully networked, connected and have access to computer labs and online curricula

Lifelong Learning Track

- Supporting the Jordanian Government's vision of building a knowledge economy by providing lifelong learning opportunities to Jordanians

ICT Industry Development

- Several local companies have emerged in Jordan with strong technical expertise and capacity to develop instructional e-learning modules.
- So far, about \$27 million were invested (in cash and in kind) in the IT sector in Jordan mainly in the development of e-learning modules and the equipment under the in-classroom technology track.

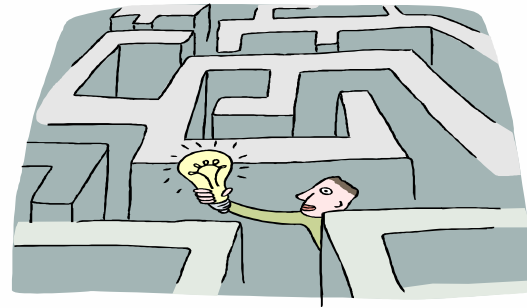

Global Education Initiative

- Palestine Education Initiative
- Egypt Education Initiative
- Rajasthan Education Initiative

Moving on...

JEI Vision

- "A world class education innovation Center of Excellence that leverages PPP to leapfrog education transformation in the region"

JEI Mission

- “Accelerate education reform through innovative research, development, and implementation, and further add value to students, teachers, and the education system, and effectively contribute in building a knowledge economy and society”

Important Principles

- Focus on quality education for students
- Building on the Public Private Partnership model
- Development of the ICT sector
 - Support of global partners and donors
 - Autonomy of JEI
- Coordination with parallel programmes
 - Continuous need to test and evaluate innovative approaches
- Teacher Training

JEI Services

- Education Policy & Strategy Development
- Education Research and Innovation
- Education Project Management Services
- Business Development & Commercialization

Challenges

- Sustainability of the programme
- Development of comprehensive policies
- Engagement of new partners
- Institute JEI as a “Centre of Excellence”
