

BLENDED LEARNING OPEN SOURCE SCIENCE OR MATH STUDIES

Massachusetts Institute of Technology

**Application for a Partial Travel Scholarship to the
The Fifth International Conference of
Learning International Networks Consortium (LINC)
May 23 – 26, 2010
The Massachusetts Institute of Technology
Cambridge, Massachusetts
USA**

We are pleased to announce that there are a limited number of partial travel scholarships available to qualified applicants. It is hoped that recipients can raise a portion of the conference-related costs on their own.

To apply for a partial travel scholarship, you must meet all of the following criteria:

Respond to the official MIT LINC 2010 [“Call for papers”](#)

Submit a brief, 1-page, summary defining the most critical issue/s facing you in your efforts in one or more of the following areas:

- Innovations in educational technology
- New media for instruction
- Virtual universities
- E-learning in emerging nations
- New pedagogical models facilitated by technology
- Open Education Resources (OER)
- Universities and lifelong learning
- Universities and STEM education for high school students (Science, Technology, Engineering, Math)
- Web 2.0 and Social Software

AND explain how your participation in this conference might help you address your challenge/s.

Entries will be reviewed on a first come, first served basis (but no later than February 1, 2010), and will be reviewed by the MIT LINC organizing committee as quickly as possible to allow ample time for each qualified scholarship recipient to make proper travel arrangements. Payment of these scholarship funds will be made to recipients after they have attended the conference and returned home.
