

Thank You to our LINC Volunteers

The 2013 MIT LINC Conference would not have been possible without the countless hours devoted to the conference by our volunteers, members of our LINC 2013 Planning Committee. These wonderful professionals, whose names appear below, were remarkable in their energy and commitment to the success of MIT LINC 2013. Some of them have been with us for many years, volunteering time and time again, and others are new to LINC. We thank each and every one of them for their tireless service.

Professor Richard C. Larson
Mitsui Professor of Engineering Systems
Director, Center for Engineering Systems Fundamentals
